

Debt Payoff Tracker & Elimination Roadmap

Know Exactly Where You Stand — And Watch It Disappear

By Warren Davis Digital

WHY THIS TRACKER EXISTS

Most people know they have debt. Few people know exactly how much, at what rates, in what order to pay it off, or how long it will actually take. This tracker fixes all of that. When you see your debt clearly — every account, every rate, every payment — it loses its power over you. You gain control.

STEP 1: LIST ALL YOUR DEBTS

Fill this out completely. Leave nothing out. This is your starting line.

#	Debt Name / Creditor	Type	Balance Owed	Interest Rate (APR)	Min. Payment	Due Date
1			\$	%	\$	
2			\$	%	\$	
3			\$	%	\$	
4			\$	%	\$	
5			\$	%	\$	
6			\$	%	\$	
7			\$	%	\$	
8			\$	%	\$	
9			\$	%	\$	
10			\$	%	\$	
TOTAL			** **			

STEP 2: CHOOSE YOUR PAYOFF METHOD

Method A — Debt Avalanche (recommended for paying least interest)

Pay minimums on everything. Throw all extra money at the **highest interest rate** debt first. When it's paid off, roll that payment to the next highest. Mathematically saves the most money.

Method B — Debt Snowball (recommended for motivation)

Pay minimums on everything. Throw all extra money at the **smallest balance** first. When it's paid off, roll that payment to the next smallest. Creates quick wins and momentum.

My chosen method: _____

My reason: _____

STEP 3: PRIORITIZED PAYOFF ORDER

Re-list your debts in payoff order (avalanche = highest rate first / snowball = lowest balance first):

Priority	Debt Name	Balance	Rate	Target Payoff Date
1st — ATTACK		\$	%	
2nd		\$	%	
3rd		\$	%	
4th		\$	%	
5th		\$	%	
6th		\$	%	
7th		\$	%	
8th		\$	%	

STEP 4: MONTHLY PAYMENT LOG

Track every payment made. Watching balances drop is one of the most motivating things you can do.

DEBT #1: _____

Month	Starting Balance	Payment Made	Extra Paid	Ending Balance	Interest Charged
Jan	\$	\$	\$	\$	\$
Feb	\$	\$	\$	\$	\$
Mar	\$	\$	\$	\$	\$
Apr	\$	\$	\$	\$	\$
May	\$	\$	\$	\$	\$
Jun	\$	\$	\$	\$	\$
Jul	\$	\$	\$	\$	\$
Aug	\$	\$	\$	\$	\$
Sep	\$	\$	\$	\$	\$
Oct	\$	\$	\$	\$	\$
Nov	\$	\$	\$	\$	\$
Dec	\$	\$	\$	\$	\$

(Copy this table for each debt account)

STEP 5: TOTAL DEBT PROGRESS TRACKER

Update this monthly. Watch your total debt go down.

Month	Total Debt (Start)	Total Paid This Month	Total Debt (End)	% Paid Off
Month 1	\$	\$	\$	%
Month 2	\$	\$	\$	%
Month 3	\$	\$	\$	%
Month 4	\$	\$	\$	%
Month 5	\$	\$	\$	%
Month 6	\$	\$	\$	%
Month 7	\$	\$	\$	%
Month 8	\$	\$	\$	%
Month 9	\$	\$	\$	%
Month 10	\$	\$	\$	%
Month 11	\$	\$	\$	%
Month 12	\$	\$	\$	%

STEP 6: DEBT-FREE DATE CALCULATOR

Use this formula to estimate your payoff date:

Balance ÷ Monthly Extra Payment = Months to Payoff

Example: \$5,000 balance ÷ \$500 extra/month = 10 months

Debt	Balance	Monthly Extra	Est. Months	Est. Payoff Date
	\$	\$		
	\$	\$		
	\$	\$		
	\$	\$		

STEP 7: CELEBRATION MILESTONES

Check these off as you hit them. Celebrate every single one.

- ☐ \$1,000 paid off
 - ☐ First account fully paid off: _____
 - ☐ 10% of total debt eliminated
 - ☐ 25% of total debt eliminated
 - ☐ Halfway point — 50% gone
 - ☐ 75% of total debt eliminated
 - ☐ Last payment made
 - ☐ **DEBT FREE** Date: _____

STRATEGIES TO ACCELERATE PAYOFF

1. **The \$1-a-day rule:** Find one thing to cut per day (\$30/month extra, \$360/year).
 2. **Sell something:** Old phone, clothes, electronics. Apply 100% to debt.
 3. **Income spike:** Every bonus, tax refund, side hustle payout — debt first.
 4. **Call for rate reductions:** Seriously. Call your credit card company and ask for a lower rate. It works more than people think.
 5. **Stop adding to the pile:** While in payoff mode, no new debt. Not even “good deals.”
 6. **Tell someone your goal:** Accountability is free and powerful.

AFFIRMATIONS FOR THE PAYOFF JOURNEY

Read these when it feels slow:

- “I am in control of my money. My money is not in control of me.”
 - “Every dollar I pay toward debt is a dollar that buys me freedom.”
 - “Debt is temporary. The habits I’m building are permanent.”
 - “I’ve made hard decisions before. I can do this.”
